

Augusta Memorial Bridge will be closed for 3 months beginning February 26th

Help save time and minimize traffic congestion

- Use Augusta's Third Bridge or the Gardiner-Randolph Bridge. Though it may seem out of your way at first, it could save time if you're avoiding long lines of traffic.

- Reserve the Father Curran Bridge for those who work or do business in downtown Augusta. If you're heading downtown, try carpooling with friends to shop, dine or do errands.

- Plan ahead and travel during off-peak hours. During weekdays, avoid the 7 AM to 9 AM and 4 PM to 6 PM drive time.

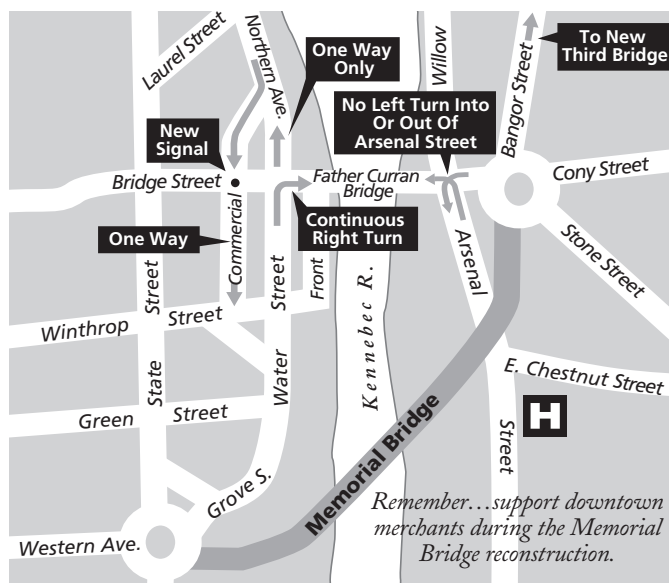

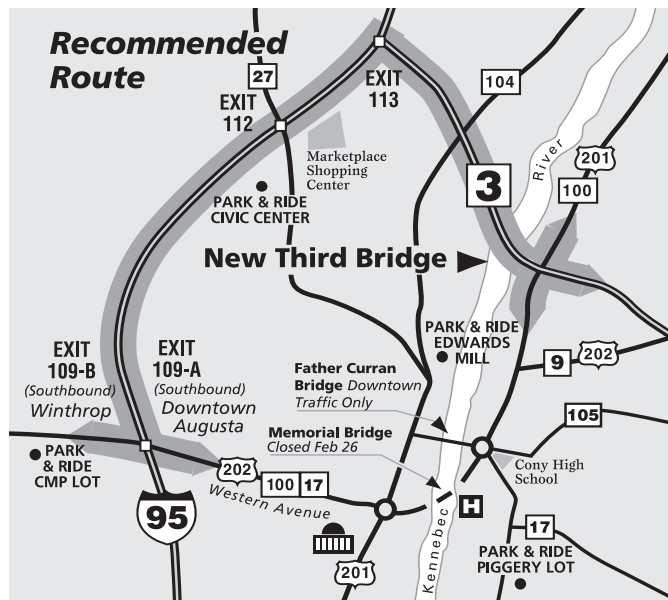

- Remember that downtown traffic patterns have changed. Pay attention to new traffic signals, parking signs and pedestrian crossings.

- Carpool whenever possible. To find out who is interested in carpooling, register on line at www.gomaine.org

- Use Park & Ride lots. Meet co-workers and carpool from the following designated lots:

- Augusta Civic Center
- Edwards Mill
- Central Maine Power on Edison Drive (across from the Credit Union)
- Piggery Road (by the Division of Motor Vehicles)

- Double parking is not allowed in downtown Augusta – even for quick deliveries. Delivery trucks should help to keep the traffic moving by using designated loading spots. Those double parking will be ticketed.

We're all in this together...
please drive safely and courteously!
